

# Shumway Elected Director of International Lions

7-25-90

Daryl Shumway, of Heber City, was elected to serve a two-year term as a director of the International Association of Lions Clubs at the Association's 73rd International Convention, held in St. Louis, MO, USA, July 11-14.

As a member of the Lions Clubs International Board, Shumway will help govern the affairs of the world's largest service club organization, with nearly 1.4 million members in 170 countries. His responsibilities include reviewing Lion humanitarian projects, such as the establishment of SightFirst, a global blindness prevention effort.

Director Shumway is a past president of the Heber City Lions Club and has served as a district governor, council chairman, chairman of the Utah Lions Foundation

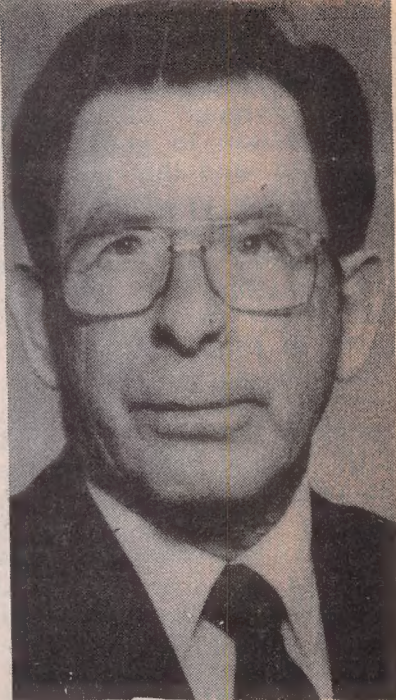

and in numerous capacities on the district level.

In recognition of his service to the Association, Director Shumway has received the 100 percent District Governor Award, the Grand Master Key, five Extension Awards and the Melvin Jones Fellowship.

Active in his community, he is a member of the Governor's Council on Tourism, Chaplain of the Sons of Utah Pioneers and convention chairman for the Chamber of Commerce.

Director Shumway has also served as a County judge for eight years and as a City judge for nine years. Twice named Citizen of the Year, he is a recipient of the Community Service Award.

Director Shumway and his wife, Dee, have six children.

miss the paragraph in which "the office" or "the agency" makes an announcement.

People seldom "tell" them anything; usually they "are informed" which, once again, leaves it up to the imagination to guess who might have done the informing, and that protects the identity of their superiors and/or influential sources.

It's standard procedure for *The Wave* to identify acronyms, where organizations are called by nicknames using only the first letters of their full names, like NOW (National Association of Women). It gets kind of funny, but saves a lot of newspaper space, when bureaucrats-politicians speak in acronymese:

"The BOR and UDOT met with MAG to discuss whether to apply for an EDBG, EDA or FAA grant. A CUP official asked how many FTEs would be needed to conduct an EA, or if an EIS would be required to satisfy the EPA and FHA, and in case FEMA should get involved later. M&I quality may be a problem, as well as the GA and the GAO investigation into the CUWCD, at the recommendation of the DWR. UVCC's PR, a GOP formerly with the FCC, said an FES can be ready before FY 1991 and an SEIS won't be necessary if the FDA and the FTC stay out of it."

was not dealt with at the appropriate level and because exceptions to the development code were made.

An individual was denied a building permit by the planning board for several reasons. The main reason for the denial was because the property in question did not meet the development requirements. In addition, according to the individual's own testimony (which is recorded on video tape) there was indications that this individual had violated the development code on past property transactions. According to the development code policies and procedures, when a building permit is denied the individual should then appeal their case to the Board of Adjustments.

In this case the individual (Mrs. Peggy Thatcher) turned the issue into an emotional cause and took a petition before the County Commissioner. The County Commissioner took no action and the
